

AMST-AVIATION B.V.

BUILDING CONFIDENCE.

AMST-Aviation B.V. is a growing, young and dynamic company with a global reach. We design, develop and assemble state of the art reliable flight simulation products, including Full Flight Simulators (e.g. Airbus A320, Boeing B737) and immersive environments tailored towards the civil aviation market. To expand our activities, we are looking for a:

Mechanical Technician

Fulltime - 38 hours p/w

Your Tasks:

- Working on the assembly of complex machines
- Producing, assembling and editing the flight simulator parts
- The installation of the mechanical parts and instruments in the simulators
- Assisting with the installation of our simulators abroad

Your Profile:

- You are at least in the possession of a completed education at MBO level in Mechanics
- You have 3 years of experience in the technical and/or mechanical technician field
- You work in a structured and precise manner
- Ability to read mechanical drawings
- Affinity with electrical assembly work is an advantage
- You have good communication skills in Dutch and English
- You recognize yourself in the following characteristics; Team player, involved, flexible and resistant to stress

We Offer:

- An interesting opportunity within a small, dedicated team in an high-tech environment
- An open cooperative working environment that offers a good work-life balance
- Good work conditions, including a 38h work week and a competitive salary
- The work will usually take place at our facility in Nieuw-Vennep, but we also expect you to be regularly present at the (foreign) customer's location, where the simulators are built up and maintained
