

AMST-AVIATION B.V.

# BUILDING CONFIDENCE.

AMST-Aviation B.V. is a growing, young and dynamic company with a global reach. We design, develop and assemble state of the art reliable flight simulation products, including Full Flight Simulators (e.g. Airbus A320, Boeing B737) and immersive environments tailored towards the civil aviation market. To expand our activities, we are looking for a:

## Integration Specialist

Fulltime - 38 hours p/w

### Your Tasks:

- Install, configure, test, and update software on AMST flight simulation training devices in the factory and abroad.
- Coordinate with pilots, flight instructors, and engineers to integrate and test training devices.
- Frequently travel with installation teams (2-3 weeks) to customer locations around the world.
- Troubleshoot software and hardware integration issues.

### Your Profile:

- Completed education at hbo/bachelor level in Software Development or IT.
- Ability to analyse problems in both software and electrical domains.
- Comfortable talking to customers and end users.
- Able to clearly formulate problems and to involve the right people to solve them.
- Interested in working with Linux, Git, and Python.
- Experience with electrical wiring and troubleshooting is an asset.

### We Offer:

- An interesting opportunity within a small, dedicated team in a high-tech environment.
- An open cooperative working environment that offers a good work-life balance and a path for personal development.
- Good work conditions, including a 38h work week with flexible start and finish times, commuting allowance, a pension scheme, and a competitive salary.
